### The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and The DISPATCH together for one year for \$3.25. The regular subscription price of the two papers when subscribed for separately is \$3.50.
