Mrs. Belknap Asks Divorce

Charging cruelty which is alleged to have inflicted grievous mental suffering, Mrs. Helen Lathrop Belknap, well known former Ukiah resident, through her attorneys, Manion and Brazier, of Ukiah.

A property settlement made prior to the filing of the complaint has been agreed upon. Mrs. Belknap is to receive \$150 a month and is to retain all real and personal property now recorded in her name as is her husband, who will also retain all real and personal property now listed in his name and each further agreed to waive all right to contest the will of the other, also to waive claim for a family allowance against the estate of each other.

It was also further stipulated that the agreement entered into by both parties will be for full settlement of all claims except those contained in the property settlement.

In the agreement as filed with the clerk, Mrs. Belknap is to receive an insurance annuity of \$20,000 in the event of the death of her husband within one year and which will subsequently be reduced one thousand dollars a year until a total sum of \$15,000 shall have been reached in the event of his demise.

The property settlement stipulates that the executor shall buy an annuity from one of three insurance companies in the event the purchaser becomes necessary under the terms of the agreement. Belknap reserves the right, option and privilege to purchase an annuity policy that will insure payment to the plaintiff in the sum of \$150 a month during her life. In the event such a purchase is made the defendant will be relieved of all terms, provisions and obligations contained in the settlement.

Belknap is represented by the law firm of Geary & Geary & C. J. Tausser of Santa Rosa.

Attackers Of Willits Truck Plead Guilty

Pines aggregating \$250 were paid this week at Petaluma by four San Francisco waterfront strikers, jailed 14 days ago on charges of intimidating truck drivers and attempted arson.

The four, Alphonse Buyle, 36, Harry L. Mayer, 36, Robert Bosil, 40, and Paul Richter, 32, appeared before Judge William C. Stradling in the Petaluma justice court and pleaded guilty to two charges of peace disturbances. Buyle also pleaded to a charge of carrying weapons without a license.

Each paid \$50 on the disturbance charges and Buyle, admitted leader of the "terror squad" was fined an additional \$50 on the gun charge.

Failure of three truck drivers to identify any of the four as members of the party that fired on a produce truck operated by Ray Force and Frank Butts, of Willits, on the Redwood Highway near Cloverdale, coupled with inability of Inspector Frank LaTulipe, San Francisco police ballistics expert, to prove that bullets fired into the truck were from a rifle and revolver found in possession of the four strikers, resulted in dismissal of the felony charge of arson on which the men had been held under \$1000 bail each.

The arson charge grew out of the firing of the Force truck by use of a phosphorus bomb thrown into the motor after the gasoline feed lines had been broken. The attack on the truck occurred at the height of the maritime strike in San Francisco, and was but one incident in an outbreak of violence on Sonoma, Marin and Napa county highways.

Five other men, four strikers and a sympathizer, were arrested a few hours after Buyle and his companions were jailed. Four of the five were later released and the fifth paid a \$200 fine.

Those planning to attend from here are asked to notify the Chamber of Commerce, so that a final check can be had on the number in the local caravan and the points at which cars will meet it.

Length: 13.9 miles. Total cost: \$1,201,900.00, in addition to rights-of-way cost.

The new road is over 3 miles shorter than the old (18%). It follows the grade of the Russian River, thereby obviating seven summits with a rise and fall of 3500 feet on the old road. Nearly 33 complete circles eliminated.
