

Miss MAY ROHRBACH

A Charming New York Woman's Experience.

Miss Rohrbach, who lives at No. 73 Amsterdam Avenue, New York City, and is Treasurer of the Woman's Progressive Union, wrote the following story of her experience:

I am satisfied that half the doctors do not know what really ails their patients, while you have carefully studied the needs of the sick and worn-out, and have skillfully prepared a reliable remedy which will cure in a short time. Two years ago I began to feel "run-down," the extreme heat of the summer nearly prostrated me, and when fall came I was ill prepared to take up anew the burdens of life. I had headache, backache and was very nervous; scarcely able to sleep more than two hours at a time. I was advised to try Dr. Pierce's Favorite Prescription, and was delighted with the result. Within a week I was sleeping splendidly. Continued using the "Favorite Prescription" for eight weeks, and then stopped, for I was perfectly well. Ever since then your medicine has been my "Favorite Prescription," too. I recommend it to every one. Yours very truly, Miss May Rohrbach. To Dr. R. V. Pierce.

Miss Nannie E. Kyle, of Volant, Lawrence Co., Pa., had a somewhat different experience from Miss Rohrbach, but with the same result as has been the case with thousands of women before.

Please accept my thanks for the good your "Favorite Prescription" did me, also for the advice sent. I had been suffering for some time from pain at stated periods, due to irregularity or discharges of the female organs. It is not like many of the so-called tonics advertised these days, because it does not depend upon alcohol or upon any narcotic for its effect. It is purely vegetable in its composition and without alcohol.

Respectfully yours, Miss Nannie E. Kyle. To Dr. R. V. Pierce.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. "Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

The reason Dr. Pierce's Favorite Prescription acts as such a restoring tonic and strength-builder for run-down women is because it fits the needs of the womanly organism. It is not a "patent medicine" in the common view of that term; it is a ready-to-use prescription, put up under the direction of Dr. R. V. Pierce, who, many years ago, used this medicine in his large practice in all those cases where his women patients were run-down, nervous, or suffering from considerable pain at stated periods, due to irregularity or discharges of the female organs. It is not like many of the so-called tonics advertised these days, because it does not depend upon alcohol or upon any narcotic for its effect. It is purely vegetable in its composition and without alcohol.

Chas. Boykin, of Acme, La., Concordia Parish, speaking of his wife's experience, says:

I write you thanking you for the benefit of your wonderful "Favorite Prescription," and also the "Golden Medical Discovery." I find that your remedies have done more good than all the others that I have used. I thought my wife would die at times; now am able to say that through you and your medicine we have a fine boy two months old. Weight three days after birth, 18 lbs. It is a wonder to the people to see my wife going about with a baby. She is able to do her own housework, can walk six miles with baby without stopping and feels as though she could stand all day; so healthy, she can eat anything. Before using your medicine my wife's weight was 122 lbs., and now she is weighing 175 lbs. She only used 12 bottles of your medicine.

My mother-in-law, also my sister, have been cured entirely of uterine trouble by your "Favorite Prescription."

Yours respectfully, Chas. Boykin. To Dr. R. V. Pierce.

The first experience of maternity is often followed by a quick convalescence which gives no hint of loss of strength as the result of the trying ordeal. Youth with its undiminished vitality makes for the young mother's health and happiness. But later maternal experiences bring a different result. The care of a family, multiplied household duties, and very often weakness caused by womanly disease, tend to prolong the suffering of maternity and to make convalescence a slow and weary process.

Dr. Pierce's Favorite Prescription prepares the wife for maternity. It promotes the appetite, cures nervousness and sleeplessness, and gives a consciousness of buoyant health. It gives great muscular strength and elasticity and makes the baby's advent practically painless. It is unexcelled as a strength-giving tonic for mothers during the period of convalescence. Weak and sick women are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and is held as confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

The Labouchere System. Labouchere, the London editor and wit, used to be a regular visitor to Monte Carlo, but that was a good many years ago. In the old days he used to follow a certain plan of play which is known there to this day as "le systeme Labouchere." Not long ago some one asked him regarding this system, and he replied, "Ah, many millions have been won through it—I mean by M. Blanc, owner of the gambling salon."

Cats' Fur. It is noticed that for some time in Warsaw innumerable cats have disappeared. According to the local press, this is due to the fact that a number of fur dealers from Leipzig have been endeavoring to secure 10,000 catskins, which apparently are worked up and dyed so as to be like more valuable furs.

Tails in Curl Papers. Lucy, who is three years old, went with her father one day to look at some pigs. She observed that their tails were curly, and she seemed greatly impressed with the fact. The next evening while her mother was doing up her hair in curl papers she asked: "Mamma, does the little pig's mother roll up their tails every night?"

Look Out For the Engine. My brother is a dangerous boy. When playing on the floor he runs his train of cars so fast. With such a rush and roar! He cries: "Choo-choo! Keep off the track!" And doesn't wait to see I'm in the way, but nurse just laughs And comes to rescue me.

Then when the lamp is shining bright And playthings all about, Nurse says: "It's safer, dear, upstairs. The danger signals are out. So jump fast across the mat. Though I'm not scared a speck. We run away to Bedland home. Before there is a wrook. —Youth's Companion.

Oyster Catchup. Did you ever hear of oyster catchup? It is extremely nice and "tasty" to eat with cold meat thinly sliced or with fowl. Use fifty oysters and their liquor, half a pound of anchovies, half a pint of white wine, a small lemon, sliced. Boil slowly for half an hour, then strain. Add quarter of an ounce of cloves, the same amount of mace and whole pepper and salt to taste. It will keep well in bottles and may be used occasionally as one desires during the winter.

The Oyster Frier. A most useful article of household cookery is the oyster frier with the wire duplicate inside the regular saucepan. This skeleton looking affair can be raised out of the pan and attached to the handle of it while the oysters, nicely fried, can drain off all the superfluous fat that they absorbed during the cooking.

ALL OVER THE HOUSE.

A Few Useful Hints That Careful Housekeepers Will Appreciate.

Use a long handled brush in cleaning the walls or, more properly, a long handle ending in a wire frame covered by a hawb's wool bag, which may be slipped off and beaten and washed.

Paint should never be scrubbed, but wiped with a soft woolen cloth dipped in warm water. A slight touch of sand soap may be used on a stubborn stain. Dry with a piece of flannel cloth after a good rinsing.

To clean swansdown make a warm lather of soap and then gently squeeze the down in it until it is quite clean. Rinse in fresh cold water with a little bluing in it. Afterward shake the water out and hang in the air to dry.

Alcohol will remove grass stains from linen with very little rubbing.

If you value your eyesight, don't have any room lighted by a glaring, unshaded light, especially from overhead. Lights should be shaded so that there shall be no glare.

If bread has been baked too brown, or if the crust has been blackened in an oven made too hot, do not attempt to cut off the black with a knife. As soon as the loaves are cold go over them with a coarse grater.

Several green coffee beans left to soak in the unbeaten white of an egg will color cake icing a delicate green. The beans should be removed and the egg whipped and used for the icing.

Garnishing of hard boiled eggs in basket shape may be accomplished by cutting off straight the ends of the hard boiled eggs and across through the center. Take out the yolks from the upper parts and fill them to a pointed shape with a salpicon of vegetables cut in small squares and combined with a little mayonnaise or simply fill them with jelly.

Substitute For Linoleum.

The following directions are given for a homemade substitute for linoleum on the kitchen floor: Take any old carpet that is whole, but too shabby for use, clean thoroughly and tack it down smoothly on the kitchen floor. Then make a good, thick boiled starch of flour and water. Rub a coat of this starch in the carpet with a whitewash brush and in about twenty-four hours or when the starch is thoroughly dry give it a coat of paint, any color desired. Dark red is a desirable color for a kitchen. When the paint is dry, give a second coat, and you will have a cheap and durable floor covering, equal to linoleum, at about one-fourth the cost. By giving it a coat of paint once a year it will last for years.

Bogus Maple Sirup.

An agricultural exchange gives full instructions for drawing the sap and making maple sirup and maple sugar. These products are not made from maple sap except in a few New England localities. Maple sirup is made from glucose, sorghum sirup, hickory bark and other flavoring substances, and the sugar is made from cheap Muscovado similarly flavored. New England alone could consume three times as much maple sirup and maple sugar as are made from maple sap in all the United States, and 99 per cent of all that is so made is consumed in the states where so made.

For the Hands.

Keep a bottle of glycerin and rose-water, mixed, near the sink and whenever the hands have been wet rub a few drops of this over them before drying on the towel. It is wonderful how much this does to prevent chapping, which during frosty weather is a misery to most women doing general housework. Of course the same emollient should be used at night just before going to bed, but this alone will not heal the roughened skin when the daily work includes frequent dishwashing and care of stoves.

The Orr Diverse Case.

The divorce case of Mrs. Rachel Orr against her husband, George Orr was on trial in the Superior Court Wednesday. The case had been pending for more than a year, and had come up on motions at various times. The wife charged desertion on the part of the husband. The main issue in the case was the custody and care of the 10 year old boy. The plaintiff undertook to prove that the father was not a fit person to have the custody of the boy, by reason of his alleged dissipated habits. Several witnesses testified that they had seen the boy in saloons in company with his father. The defendant denied that he deserted his wife and testified that he had frequently asked her to return to him. The court took the case under advisement.

Mrs. Anna Bradley, Mrs. Jennie Edwards and Mrs. Mary Orr will attend the Rebekah Assembly in San Francisco next week as representatives of Cornelia Lodge of this city. Mrs. Helen M. Carpenter, Past Grand President will also attend.

The Jews are being massacred in Russian cities. Women and children share the same fate as the men, and a state of terror exists among the Hebrews in towns where they have not yet been attacked.
